							DONATION	$ 0,00	

In 2023, Vetoquinol is committed to providing Profender, as well as monetary contribution, ensuring cats receive proper treatment for intestinal parasites. The new collaboration between Profender® and Community Veterinary Outreach is here to make a difference! Profender®, a well-known brand that provides deworming solutions for cats, has joined forces with Community Veterinary Outreach to offer much-needed support to communities with limited access to human and pet care. Help us support CVO initiatives to serve more regions and more communities in need.
